

(ii) *License Exceptions.* This section provides a brief eligibility statement for each ECCN-driven License Exception that may be applicable to your transaction, and should be consulted only AFTER you have determined a license is required based on an analysis of the entry and the Country Chart. The brief eligibility statement in this section is provided to assist you in deciding which ECCN-driven License Exception related to your particular item and destination you should explore prior to submitting an application. The term “Yes” (followed in some instances by the scope of Yes) appears next to each available ECCN-driven License Exception. The term “N/A” will be noted for License Exceptions that are not available within a particular entry. If one or more License Exceptions appear to apply to your transaction, you must consult part 740 of the EAR to review the conditions and restrictions applicable to each available License Exception. The list of License Exceptions contained within each ECCN is not an all-exclusive list. Other License Exceptions, not based on particular ECCNs, may be available. Consult part 740 of the EAR to determine eligibility for non-ECCN-driven License Exceptions.

(iii) *List of Items Controlled—(A) Units.* The unit of measure applicable to each entry is identified in the “Units” header. Most measurements used in the CCL are expressed in metric units with an inch-pound conversion where appropriate. Note that in some ECCNs the inch-pound unit will be listed first. In instances where other units are in general usage or specified by law, these will be used instead of metric. Generally, when there is a difference between the metric and inch-pound figures, the metric standard will be used for classification and licensing purposes.

(B) *Related definitions.* This header identifies, where appropriate, definitions or parameters that apply to all items controlled by the entry. The information provided in this section is unique to the entry, and hence not listed in the definitions contained in part 772 of the EAR.

(C) *Related controls.* If another U.S. government agency or department has

export licensing authority over items related to those controlled by an entry, a statement is included identifying the agency or department along with the applicable regulatory cite. An additional cross-reference may be included in instances where the scope of controls differs between a CCL entry and its corresponding entry on list maintained by the European Union. This information is provided to assist readers who use both lists.

(D) *Items.* This header contains a positive list of all items controlled by a particular entry and must be reviewed to determine whether your item is controlled by that entry. In some entries, the list is contained within the entry heading. In these entries a note is included to direct you to the entry heading.

[61 FR 112756, Mar. 25, 1996, as amended at 61 FR 68579, Dec. 30, 1996; 62 FR 25456, May 9, 1997]

§ 738.3 Commerce Country Chart structure.

(a) *Scope.* The Commerce Country Chart (Country Chart) allows you to determine, based on the Reason(s) for Control associated with your item, if you need a license to export or re-export your item to a particular destination. There are only two instances where the chart cannot be used for this purpose:

(1) *Items controlled for short supply reasons.* Due to the unique nature of these controls, entries controlled for Short Supply reasons will send you directly to part 754 of the EAR. Part 754 of the EAR is self-contained and includes information on licensing requirements, licensing policies, and all available License Exceptions, for items controlled for Short Supply reasons.

(2) *Unique entries.* The following are unique entries where you do not need to consult the Country Chart to determine whether a license is required.

(i) *ECCNs 0A983 and 5A980.* A license is required for all destinations of items controlled under these entries. No License Exceptions apply. If your item is controlled by 0A983 or 5A980 you should proceed directly to part 748 of the EAR for license application instructions and

§ 742.11 or § 742.13 of the EAR for information on the licensing policy relevant to these types of applications.

(ii) *ECCNs 0A986, 0A988, 0B986, 1A005, 2A994, 2D994, and 2E994.* A license is required for items controlled under these entries only to the specific countries identified within each entry.

(b) *Countries.* The first column of the Country Chart lists all countries in alphabetical order. There are a number of destinations that are not listed in the Country Chart contained in Supplement No. 1 to part 738. If your destination is not listed on the Country Chart and such destination is a territory, possession, or department of a country included on the Country Chart, the EAR accords your destination the same licensing treatment as the country of which it is a territory, possession, or department. For example, if your destination is the Cayman Islands, a dependent territory of the United Kingdom, consult the United Kingdom on the Country Chart for licensing requirements.

(c) *Columns.* Stretching out to the right are horizontal headers identifying the various Reasons for Control. Under each Reason for Control header are diagonal column identifiers capping individual columns. Each column identifier consists of the two letter Reason for Control and a column number. (e.g., CB Column 1). The column identifiers correspond to those listed in the "Country Chart" header within the "License Requirements" section of each ECCN.

(d) *Cells.* The symbol "X" is used to denote licensing requirements on the Country Chart. If an "X" appears in a particular cell, transactions subject to that particular Reason for Control/Destination combination require a license. There is a direct correlation between the number of "X"s applicable to your transaction and the number of licensing reviews your application will undergo.

[61 FR 12756, Mar. 25, 1996, as amended at 63 FR 42228, Aug. 7, 1998]

§ 738.4 Determining whether a license is required.

(a) *Using the CCL and the Country Chart—(1) Overview.* Once you have determined that your item is controlled

by a specific ECCN, you must use information contained in the "License Requirements" section of that ECCN in combination with the Country Chart to decide whether a license is required.

(2) *License decision making process.* The following decision making process must be followed in order to determine whether a license is required to export or reexport a particular item to a specific destination:

(i) *Examine the appropriate ECCN in the CCL.* Is the item you intend to export or reexport controlled for a single Reason for Control?

(A) If yes, identify the single Reason for Control and the relevant Country Chart column identifier (e.g., CB Column 1).

(B) If no, identify the Country Chart column identifier for each applicable Reason for Control (e.g., NS Column 1, NP Column 1, etc.).

(ii) *Review the Country Chart.* With each of the applicable Country Chart Column identifiers noted, turn to the Country Chart (Supplement No. 1 to part 738). Locate the correct Country Chart column identifier on the diagonal headings, and determine whether an "X" is marked in the cell next to the country in question for each Country Chart column identified in the applicable ECCN. If your item is subject to more than one reason for control, repeat this step using each unique Country Chart column identifier.

(A) If yes, a license application must be submitted based on the particular reason for control and destination, unless a License Exception applies. If "Yes" is noted next to any of the listed License Exceptions, you should consult part 740 of the EAR to determine whether you can use any of the available ECCN-driven License Exceptions to effect your shipment, rather than applying for a license. Each affirmative license requirement must be overcome by a License Exception. If you are unable to qualify for a License Exception based on each license requirement noted on the Country Chart, you must apply for a license. Note that other License Exceptions, not related to the CCL, may also apply to your transaction (See part 740 of the EAR).
